

# Parent and Provider Contract and Policies

Revised: May 2016

## 1. Philosophy

I believe that children should be allowed to grow at their own pace and to learn in ways that help them become confident in themselves as learners. I have two goals:

- \* to help children learn about themselves and the world around them through play and exploration; and
- \* to encourage children to feel good about themselves as learners.

These goals provide guidance for everything that I do in my program. Children at The Ridge Preschool and Daycare are given the opportunity to explore, experiment, and create in a safe and nurturing environment.

## 2. Non-Discrimination

The Ridge Preschool and Daycare does not discriminate on the basis of race, color, gender, religion or national origin.

## **12. Behavior Management and Discipline Policy**

Discipline provides an opportunity to enable a child to develop self-control. When a child is having a difficult time following directions or treating others or property with respect, developmentally appropriate guidance techniques will be used. These techniques are as follows:

b. Rewarding acceptable behavior.

c. Redirecting a child to an alternate activity.

d. Brief separation from the group. (This technique will only be used when a child's behavior harms or is likely to result in harm to the child, others or property)
